COMMUNITY FORUM ON THE REGULATION OF ADULT USE MARIJUANA IN NATICK

In November 2016, a majority of Massachusetts voters approved adult use (a.k.a. recreational) marijuana, including 53.9% of Natick residents. The Natick Board of Selectmen invites community members to a Community Forum on June 21, 2018 at 7:00 PM in the Natick High School Auditorium to ask questions and provide input as a multi-departmental administrative team works to draft reasonable regulations to permit adult use marijuana establishments in Natick.

Members of the Board of Selectmen, legal counsel, and representatives of the Natick Police, Health, and Community & Economic Development Departments will be present to provide an overview of the current regulatory landscape across the state, answer questions, and receive public comments regarding adult use marijuana. **This is an important opportunity for Natick community members to share their thoughts on the approach to regulating adult use marijuana in Natick.**

If you are unable to attend the forum on June 21st, you will be able to view the meeting on Natick Pegasus. You are also welcome to submit questions and comments to the Natick Board of Selectmen at Selectmen@natickma.org or 508-647-6410.
