

Resolution, with mods per our discussion

On January 6th of this year in Washington DC, thousands of insurgents took part in a despicable act: they attacked the Capitol while a joint session of Congress was meeting to certify the results of the Presidential election. The Representatives and Senators in that session were carrying out their Constitutional duty, but the rioters sought to interfere with their efforts and overturn the results of the election. Some of the rioters also sought to do bodily harm to certain members of Congress; some publicly expressed their desire and intent to murder the Vice President and the Speaker of the House.

We too are members of government, and for us to view the abhorrent act that took place on January 6th without speaking out is to be complicit.

Therefore, be it resolved that we, the duly elected Members of Natick Town Meeting, condemn the actions of any and all persons who took part in this heinous act, and declare that they in no way represent the sentiments of this body, or of the Town of Natick.”
