PRESS RELEASE

MOSQUITO INVESTIGATION

Central Massachusetts Mosquito Control Project personnel will be in Natick to investigate residents’ concerns about mosquitoes in their area on the following dates **in June and July:**

June 3, 9, 10, 16, 23, 24, 30 and July 1

All dates are tentative and subject to change due to weather conditions, mosquito populations, mosquito virus activity and/or special event spraying. This program will shut down when cool night time temperatures become predominant in the area. A detailed notice about our spray schedule is posted on the CMMCP phone system after 3:30 p.m. each day, and it is also listed on our website: <https://www.cmmcp.org> Click the “2021 Spray Schedule” button on the right. Please pay attention to the week of June 14th, as this schedule has been modified to ensure all communities are scheduled for service that week due to the new Juneteenth holiday.

Requests for service may be recorded by calling the CMMCP office: 508-393-3055 between 7:00 am – 3:30 pm, Monday through Friday, or by logging on to: <https://www.cmmcp.org/> Results of these requests may initiate an application of mosquito insecticides to defined site-specific areas of town. Such an application may be accomplished by using truck-mounted equipment depending on the extent of the application.
