People Driven, Service Focused

WOODTRAIL CAMP

Woodtrail Camp at Wilson Middle School offers a challenging and playful environment for students entering grades 1 through 8. We offer a unique summer camp environment where children are supervised and instructed on an individual basis. In addition, each camper will be encouraged to participate within a large camp community. Our initiatives support community service, leadership, social engagement and fun. The highly trained and experienced staff provide ample opportunities for cooperative games, team adventures and friendship building events. Campers will also be engaged in arts and crafts, nature activities, drama, music, sports, canoeing and swimming.

This camp complies with regulations of the Massachusetts Department of Public Health and is licensed by the local Board of Health.
