

# Cochituate Rail Trail

Natick-Framingham Access Map

September 2023

Visit [natickma.gov/crt](http://natickma.gov/crt) for updates

**Welcome to the CRT**, a 3.7-mile shared use path from Mechanic Street and Whitney Field/Navy Yard in Natick Center to Saxonville in Framingham.

**Please be courteous** to CRT trail users and neighbors. Signal when passing, and take your trash with you!

**Parking** is available in Natick at the 11 Mechanic Street lot, at the end of Chrysler Road, in Natick Center, at the Natick Mall, and in Framingham at 81 Speen Street.

Email [crt@natickma.org](mailto:crt@natickma.org) with questions or concerns.

## Please be safe and courteous on the CRT

**Be alert at street crossings!** At unsignaled crossings, pedestrians have the right of way. Cyclists should dismount or proceed to cross only when it is safe.

## Here's what's coming:

- The CRT will extend to the Natick Center MBTA outbound platform when the new rail station is finished (scheduled for 2024). Until then, the right-of-way near the station is closed for safety.
- The Town of Natick is designing a connection to Main Street in Natick Center (construction TBA).
- MassDOT is designing a path to Hartford and Speen Streets in West Natick (construction scheduled for 2025).
- See [NatickMA.gov/CRT](http://NatickMA.gov/CRT) for regular updates.

## Want to help support the CRT?

The Friends of Natick Trails offers sponsorships to help fund trail maintenance and enhancements, and offers volunteer opportunities. Visit [FriendsOfNatickTrails.org](http://FriendsOfNatickTrails.org) to learn more.
